mission statement: To impact the lives of young people by providing educational programs that build character, instill life-enhancing values, and promote healthy choices through the game of golf.

“My boys have always been great communicators, however I love that they’re getting better about taking turns speaking instead of interrupting each other. I also love how respectful they are upon introducing themselves to new people, which they learned at The First Tee!”

“Through the golf program my son has become more confident in himself. Other sports just weren’t for him, but he loves golf. I believe all the volunteers and staff at The First Tee of Canton made this possible by making it fun yet structured.”
